Job Description

Duties:

- Supervise, co-ordinate, and schedule the activities of workers on job sites and in the shop
- Read and interpret architectural drawings, shop drawings, and installation plans
- Ensure all installations meet quality standards, project specifications, and timelines
- Resolve work problems, provide technical advice, and recommend measures to improve productivity and product quality
- Train or arrange for training of workers
- Recommend personnel actions, such as hirings and dismissals

• Assemble, install, and finish Italian cabinets and custom millwork with accuracy and precision
• Perform detailed site measurements and make on-site adjustments and modifications as required
• Build custom cabinets and millwork in the shop according to drawings and specifications
• Shape surfaces or edges of wood workpieces, using hand tools, such as planes, chisels, wood files, CNC, table saws, and edge banding saws
• Safely operate all hand tools, power tools, and shop machinery
• Ensure standards and regulations for safe working conditions are observed
• Maintain a clean, organized, and safe work environment on job sites and in the shop
• Sand wooden surfaces and apply veneer, stain or polish to finished products
• Prepare specifications of custom-made cabinets that maximize storage
• Study plans, specifications or drawings of articles to be made

Qualifications:
• Secondary school completion is required;
• College diploma or certification in a recognized cabinetmaker course is preferred
• 3-5 years of previous work experience in cabinet and millwork installation is required
• Previous supervisory experience is required
• Must possess a valid driver’s licence and have access to reliable transportation for travel to job sites
• Must have strong attention to detail and precision workmanship
• Proven ability to work independently and as part of a team
• Strong problem-solving skills and ability to adapt on site
• Must have computer skills and be familiar with software applications such as Mozaik, Sketch-Up, CAD, and Microsoft Office
• Possession of a Skilled Trades certificate in BC is an asset
• Possession of a Red Seal as Cabinetmaker is an asset
• Must be able to lift 50 lbs (23kg)
• English ability is required.
