Job Description

Duties:

- Review work orders and discuss work to be performed with supervisor
- Inspect and test engine and other mechanical components using test devices to diagnose and isolate faults
- Adjust, repair or replace mechanical or electrical system parts and components using hand tools and equipment
- Test and adjust repaired systems for proper performance
- Ensure work is performed in accordance with dealership and factory standards
- Perform scheduled maintenance service on equipment
- Advise customers on work performed and general condition of equipment
- Determine estimates of repair cost

• Communicate with parts department to obtain needed parts
• Complete and maintain documentation of work performed
• Road-test motorcycles to quality-check work performed
• Keep the shop area neat, clean, and free of safety hazards
• Comply with Federal, Provincial and Municipal regulations, such as those governing the disposal of hazardous wastes
• Follow company safety policies and practices, and immediately, report any and all accidents to a Manager/Supervisor;
• This position will be expected to perform other duties as assigned by management.

Requirements:
• Completion of secondary school is required;
• Completion of a three- to four-year apprenticeship program OR a combination of at least three years of previous work experience in motorcycle repair is required;
• Motorcycle mechanic trade certification is an asset;
• Red Seal endorsement is an asset;
• English language ability is required.
