Job Description

Duties:

- Study blueprints or drawings and specifications to prepare, make, or renovate;
- Determine the required materials and labour required and provide cost estimates for customers;
- Join, trim, and construct cabinets using the necessary tools and machinery to complete the required cuts and components of the task;
- Installation of cabinets on site;
- Removal and installation of refurbished cabinets according to plans and client directions;
- Perform necessary installation of cabinets as outlined in blueprints, drawings, and specifications;

- Complete finishing tasks, including sanding, staining, polishing, repairing, and restyling fixtures and/or cabinets to ensure quality of work.

Requirements:

- Secondary school completion is required;
- Minimum three years of previous work experience in cabinetmaking and installation or a related field;
- Must have computer skills and be familiar with software applications such as Mozaik, Sketch-Up, CAD, and Microsoft Office;
- Trade certificate in BC is an asset;
- Red Seal endorsement is an asset;
- Must be able to lift 50 lbs (23kg);
- English ability is required.
