*Please confirm in your resume that you are legally authorized to work in Canada (i.e., either a permanent resident or citizen of Canada).

Job Description

Duties:

- Supervise, coordinate, and schedule the daily activities of rope access technicians and crew members across multiple job sites.

- Assign duties and ensure work is carried out efficiently, safely, and in accordance with project specifications and company standards.
- Inspect completed work to ensure quality control and compliance with client requirements.
- Conduct site assessments and plan rope access methods, work sequencing, and crew deployment.
- Train, mentor, and provide technical guidance to junior technicians and new hires.
- Enforce compliance with WorkSafeBC regulations, fall protection standards, and company safety policies.
- Oversee the proper use, inspection, and maintenance of rope access systems, tools, and safety equipment.
- Coordinate materials, equipment, and workforce logistics to meet project timelines and operational needs.
- Maintain work records, safety reports, and job documentation.
- Communicate with clients, contractors, and management regarding project progress, site conditions, and any issues.
- Assist with troubleshooting complex technical or safety challenges on-site.
- Perform rope access work at heights when required to support operations or demonstrate techniques to crew members.

Requirements:

- Completion of secondary school is required.
- Minimum 3 years of experience as a Rope Access Technician or in a related trade.
- Demonstrated experience supervising or leading rope access or high-angle work crews.
- SPRAT or IRATA certification (Level 2 or higher) are assets.
- Valid BC driver's license.
- First Aid and Fall Protection certifications are assets.
- Strong knowledge of WorkSafeBC regulations, fall protection standards, and rope access procedures.
- Ability to plan work at heights and supervise crews in high-risk environments.
- English language ability is required.
