Job Description

- Main duties and responsibilities are as follows but not limited to:
- Read blueprints, diagrams and schematic drawings to determine work procedures
 - Operate hoisting and lifting devices such as cranes, jacks and tractors to position machinery and parts during the installation, set-up and repair of machinery
 - Inspect and examine CNC machinery and equipment to detect and investigate irregularities and malfunctions
 - Adjust CNC machinery and repair or replace defective parts
 - Operate CNC machine tools such as lathes and grinders to fabricate parts required during overhaul, maintenance or set-up of machinery
 - Clean, lubricate and perform other routine maintenance work on machinery
 - Construct foundations for machinery or direct other workers to construct foundations
