Job Details

As a Carpenter/ Cladding Installer with our company, you will become part of a team of stellar employees who are highly valued and skilled. We are dedicated to performing quality work and providing outstanding service to our customers. As a member of our team, you will plan, lay out, repair and install wood products and parts. You will get to put your technical and mathematical skills to use operating tools and machines and taking measurements according to blueprints. This role will be great for anyone who wants to make the most of their abilities and grow with a company committed to hard work.

Job Description

- Utilize and interpret blueprints to determine how and where to fabricate, assemble and install wood products
- Measure, mark dimensions and lay out material to be installed using tools such as scribes, rulers, calculators and squares
- Fasten joints and seams in sheet metal with bolts and metal driver clips, ensuring work is done carefully
- Install wall assemblies, and flashings.
- Use hand and power tools to trim, buff, smooth, file and grind surfaces and joints of parts that have been assembled to ensure safety and a seamless appearance
- Select the appropriate type of products to be used in projects according to specifications
- Ensure safety is a priority on the job during all activities, including using tools and installing and fabricating metal

Work conditions:

As a Carpenter/ Cladding Installer, you may work indoors or outdoors on construction sites or in a shop. You may work independently but may also collaborate with other construction professionals. The job can be physically demanding – you may work at considerable heights and have to lift heavy materials and equipment. As with all careers in the construction industry, safety is the top priority. Carpenters are trained to work safely and wear special equipment to protect against injury.

Education: Minimum of secondary school diploma

Work Experience: Applicants must have at least 2 years of related work experience, including cladding installation experience.

Job type: Permanent, full-time.

Available Positions: 10

Start date: Within 4 weeks

Required language: English or French (oral and written)

Location of Work: Various Locations across New Brunswick and Nova Scotia

Benefits: Casual dress, company car, company events, company pension, dental care, employee assistance program, extended health care, flexible schedule, housing allowance, life insurance, on-site parking, paid time off, vision care, wellness program.

Mail resume to 200 Acadie Ave. Suite 100, Dieppe, NB E1A 6S1 or apply directly to Vanessa Landry at vlandry@clad-tech.com
