Job Description

Tasks:

1. Apply, level and smooth coats of plaster

2. Fill joints, nail indentations, holes and cracks with joint compound using trowel and broad knife
3. Measure, cut, fit and install drywall sheets
4. Mix plaster ingredients to desired consistency
5. Trowel or spray coats of stucco over exterior of buildings to form weatherproof surfaces
6. Install corner beads and wire mesh around beams to which plaster is to be applied
7. Install exterior and interior steel studs
8. Work at heights, on scaffolding or swing stages.
9. Cut and install metal corner beads to protect exterior corners
10. Tape over joints using taping machine and embed tape in compound.
